DETAILED ACTION

Receipt is acknowledged of amendment filed on 11/2/05. Claims 17-20 and 22-28 are pending in the application.

The following new ground of rejection is necessitated by the amendment.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 17-20 and 22-28 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. **This is new matter rejection.**

To overcome the art rejection, applicants' amended the claims to recite "**to the area of skin to be treated**" and point out support to the above expression at page 5, lines 1-2.

There is no support in the specification for the amended expression. Page 5, lines 1-2 recite" *about 0.2, most particularly at least about 0.5 and no more than about 15%, more particularly no more than about 10%, most particularly no more than about 5%, by weight of the skin care composition* ".

Applicants' are notified that in response to this rejection, if applicants' delete the expression, the previous art rejection will be applicable.

Art Unit: 1615

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
